

Raport nr Strategy

Strategy

2017-10-31

On April 12, 2023, the Company's Supervisory Board approved its development strategy for 2023-2026.

The adopted strategy is based on the following pillars:

1. Growing development competencies.
2. Creating mobile games.
3. Development through strategic partnerships.

The full strategy, including a description of strategic assumptions and a product roadmap for the coming years, was adopted in the form of a document - presentation, which is attached to **current report No. 12/2023** and is available below.
